NOTICE OF PROPOSED RULEMAKING

GAS TARIFF 04-1, REVISED APPLICATION OF WASHINGTON GAS
LIGHT COMPANY TO AMEND ITS GENERAL SERVICE PROVISION NOS. 13
AND 14

1. The Public Service Commission of the District of Columbia ("Commission") hereby gives notice, pursuant to Section 2-505 of the District of Columbia Code,¹ of its intent to act upon the revised Application of Washington Gas Light Company ("WGL" or the "Company")² in not less than 30 days from the date of publication of this Notice of Proposed Rulemaking ("NOPR") in the *D.C. Register*.

2. On June 14, 2004, WGL filed an application requesting authority to amend General Service Provision No. 13 (Installation of Service Pipes and Connections) and General Service Provision No. 14 (Extension of Mains).³ WGL's proposed tariff provisions would allow it to use a net present value ("NPV") test instead of the existing two-year revenue test to determine whether a contribution must be provided by the customer for service main extensions in the District of Columbia.⁴ WGL stated that the proposed tariff revisions will be a benefit to customers in the District because they will be charged the most appropriate price for the costs of extending services and the changes will enable District ratepayers to be charged in the same manner as similarly situated customers in Maryland and Virginia.⁵

3. On December 6, 2004, in Order No. 13442, the Commission denied the Company's June 14, 2004 Application and invited the Company to file revised tariffs addressing the issues discussed in the Order.⁶ In Order No. 13442, among other things,

¹ D. C. Code, 2001 Ed. § 2-505.

² *Gas Tariff 04-01 ("GT04-01"), Revised Application of Washington Gas Light Company to Amend its General Service Provisions Nos. 13 and 14*, Letter to Dr. Christine D. Brooks, Commission Secretary, from Bernice K. McIntyre, Office of General Counsel for Washington Gas Light Company, re: Gas Tariff 04-1, filed February 18, 2005 ("Revised Application").

³ *GT04-01, In the Matter of the Application of Washington Gas Light Company for Authority to Amend its General Service Provisions*, Letter to Sanford M. Speight, Acting Commission Secretary, from Bernice K. McIntyre, Senior Counsel for Washington Gas Light Company, re: Gas Tariff 04-1, filed June 14, 2004 ("Application").

the Commission stated that WGL should include in a revised tariff an explanation of WGL's methodology used to calculate estimated revenues.⁷ The Commission also requested that WGL explain the factors determining the discount rate to be used in the NPV.⁸ In addition, the Commission requested that the revised tariff provisions not differ in specifics or detail from what is already contained in the Maryland and Virginia tariffs.⁹

4. On February 18, 2005, WGL submitted Revised Tariff Sheets to amend its General Service Provision No. 13 (Installation of Service Pipes and Connections) and General Service Provision No. 14 (Extension of Mains).¹⁰ WGL stated that its Revised Application addresses the issues discussed in Order No. 13442.¹¹ Consequently, the Company requests authority to revise the following tariff pages:

Persons wishing to file reply comments may do so no later than 45 days of the date of publication of this NOPR in the *D.C. Register*. 3. WGL's proposed rate schedule revisions establish the specifications regarding a supplier's responsibility to make deliveries of natural gas on behalf of their interruptible customers under various conditions.³ In addition, WGL proposes clarifications to daily nomination and delivery requirements, including the act of holding suppliers directly responsible for any shortfall of deliveries during curtailment.⁴ WGL proposed Rate Schedules Nos. 3 and 3A set conditions upon the interruptible sales and delivery service in order to assure that a customer has purchased an adequate supply of natural gas of a quality acceptable for delivery in the Company's distribution system.⁵ Additionally, the tariff revisions, if approved, will ensure that a service agreement is executed by the customer for a minimum of one year, but not more than five years.⁶ The proposed revisions to Rate Schedule No. 6 change the conditions of service in order to ensure that suppliers execute a consent form or receive a customer agreement to transport gas to the Company's city-gate for the account of a customer per the terms of the supplier/customer agreement.⁷ This proposed rate schedule also outlines WGL's credit policy, payment terms, policy with respect to failure to deliver the daily required volumes ("DRV") and four balancing services to provide for daily balancing deliveries with customer usage during a month.⁸
